The sewage charges for a new residential user who has not established an average for the months of January, February and March, or a user who only has sewer and no water usage shall be charged the following usage:

- (1) Single occupancy: 200 cubic feet per month, plus the minimum sewer charge.
- (2) Double or more occupancy: 600 cubic feet per month, plus the minimum sewer charge.
- (3) No water usage - metered: 600 cubic feet per month, plus the minimum sewer charge.

B. The charges are:

- (1) Effective January 2019 billing: customer charge of \$20.85 per meter, plus \$.03200 per cubic foot.

**§325-8.2 General service rates.**

General services rates (formerly commercial) are applied to nonresidential accounts each month.

The charges are:

- A. Effective January 2019 billing: customer charge of \$41.75 per meter, plus \$.03257 per cubic foot.

§325-8.3 Large general service rates.

Large general services rates (formerly industrial) are as follows:

A. Users contributing above allowed limits of SS and BOD as defined below.

The Charges are:

(1) Effective January 2019 billing:

- (a) Minimum charge of \$250.00 per meter; and
- (b) Per 100 cubic feet: \$3.250; and
- (c) Per pound of biochemical oxygen demand (BOD) that is measured to be greater than 200 mg/l: \$1.66; and
- (d) Per pound of suspended solids (SS) that measured to be greater than 220 mg/l: \$0.98.

B. The sewer charges in Subsection A(1)(c) and (d) above are based on observed wastewater flow from the customer using a suitable continuous recording device for measuring concentrations of biochemical oxygen demand (BOD) and suspended solids (SS). When BOD and SS are less than 200 mg/l, and 220 mg/l, respectively, charges A(1)(c) and (d) are not billed.

C. If the additional cost associated with large general service wastes are not recovered by the large general service rate charges or above surcharges, the City shall have the option to review the effect any user (all classifications) has on the wastewater system and establish adequate charges, if necessary, for the excessive amounts of biochemical oxygen demand, suspended solids or other applicable pollutants.

Section 2. Repeal. All ordinances or provision or portions of ordinances in conflict here with are hereby repealed.

Section 3. When operative. This ordinance shall take effect and be in full force from and after its passage, approval and publication in pamphlet form as required by law.
